MANAGEMENT NOTES

LET US IN!!!

Management's efforts to provide Pest Control Services to you.

By Ray Brown

No one is letting the exterminator into their unit to allow extermination services to be performed. As a result, please be advised of the following: Effective immediately, Management will enforce the following actions;

A. Those apartments not regularly participating in the Pest Control Program will be identified and have the appropriate notices entered into their rental file. This will adversely (negatively) affect their ability to:

1. Enter into a payment plan arrangements for past due monies owed to the landlord.

2. Apply for a transfer to another NCC Site

3. Relocate to another apartment within Douglass Harrison.

4. To be recognized as a good tenant and neighbor. Being a non-cooperative tenant will be brought to the attention of the judge when any legal activity is instigated against you.

B. Not regularly allowing Pest Control Services to be performed within your unit is a violation of your lease as your failure to cooperate will contribute to or cause the landlord to be unable to control insect and or rodent infestation within the site. Keeping your unit clean and safe includes control of insects and vermin.

Remember, no appointment is necessary. All you have to do is to be home on the 2nd Tuesday of the month between the hours of 9:00 am and 5:00 p.m.

" HOLD YOUR COOKING GREASE"

By Ray Brown

Used cooking grease must be placed in containers and thrown out with your household garbage in the dumpsters.

Emptying grease into your kitchen sink, bathroom drains, or toilet do not clear the drain lines from the building before they cause a slow build up which eventually causes a solid blockage of the system.

These types of costs are eventually passed on to all residents in the form of rent increases due to increased maintenance cases.

Please allow the grease to cool and solidify (harden). It will be much easier to place the solids into a plastic bag and discard with your household garbage.

DOUGLASS HARRISON FASHION SHOW

(See Pictures on Front Page)

On February 24th Douglass Harrison hosted its Second Annual Fashion Show. The Gala was held at the Social Service Office where a great turn-out was received. The NCC Fashion Institute, as well as the residents themselves, provided the ensembles. The models were D-H residents and guests. The following description of the show is through the eyes of our Resident Fashion Commentator Edith Johnson.

"Tyquana Scott and Dominique Battles show off their dress and casual wear ensemble. Mimia Bell, a long-time D-H resident, sports a matching hat and scarf two-piece. Ms. Tikesha Whitaker's experience in professional modelling brings an added touch of elegance to the affair. Ms. Whitaker models three different formal outfits... with class! Our own Luisa Geronimo catches an eye with her full bodied dress with bold stripes. Also featured is a special guest, Joyce Cook, a NCC Social Worker and Program Coordinator. Joyce designs authentic African Wear as a hobby. Gloria McNeill is very comfortable in her African American Wear. The enthusiasm grows as members of the audience are invited to model their wears. Two children and one adult come forward and put on a show. Our classy male group of four enjoys a moment of reflection as the finale ends our festive show on a happy note."

Following the Fashion Show, everyone was invited to have refreshments and enjoy each other's company. A special word of thanks goes to all of our wonderful models and to the Fashion Institute for providing a few of the ensembles.
